# COMMUNICATOR

## The all-in-one platform for great conversations

With a single app for calling, video, text, collaboration, voicemail and fax, you can always come through for your customers and teammates—no matter where your team is.

### CHAT IN REAL-TIME

Anytime, anywhere, from any device.

### ALL-NEW VIDEO <sup>\*</sup>CALLING

Supports up to 50 users, call recording and more.

### CONNECT WITH YOUR TEAM

Chat with individuals or groups to bring remote workers together.

### SEND AND RECEIVE SMS MESSAGES

Use your business number to message to any number or contact.

### INCLUDES A SOFTPHONE WITH CALL MANAGEMENT

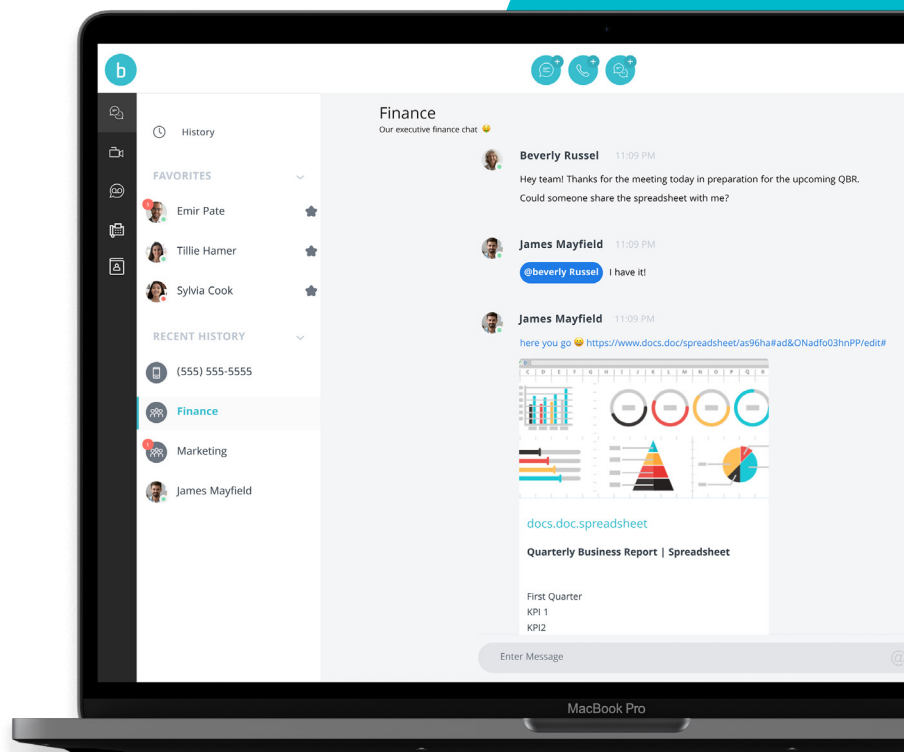

So you can mute, hold and blind call transfer.

### VOICEMAIL & FAX INTEGRATION

b-hive voicemail and fax are now integrated into Communicator.

\* Video features available with b-hive pro seats.

## CONNECTED TEAMS BUILD STRONGER BUSINESSES.

Communicator is where conversations happen quicker, customer issues resolve in record time and your team can collaborate like never before.

Go from messaging to a call or video chat with just a click of a button.

Text your contacts from your business phone number.

View your conversation history and record video calls.

Accept or reject calls from the app so you can stay focused.

### Communicate & collaborate

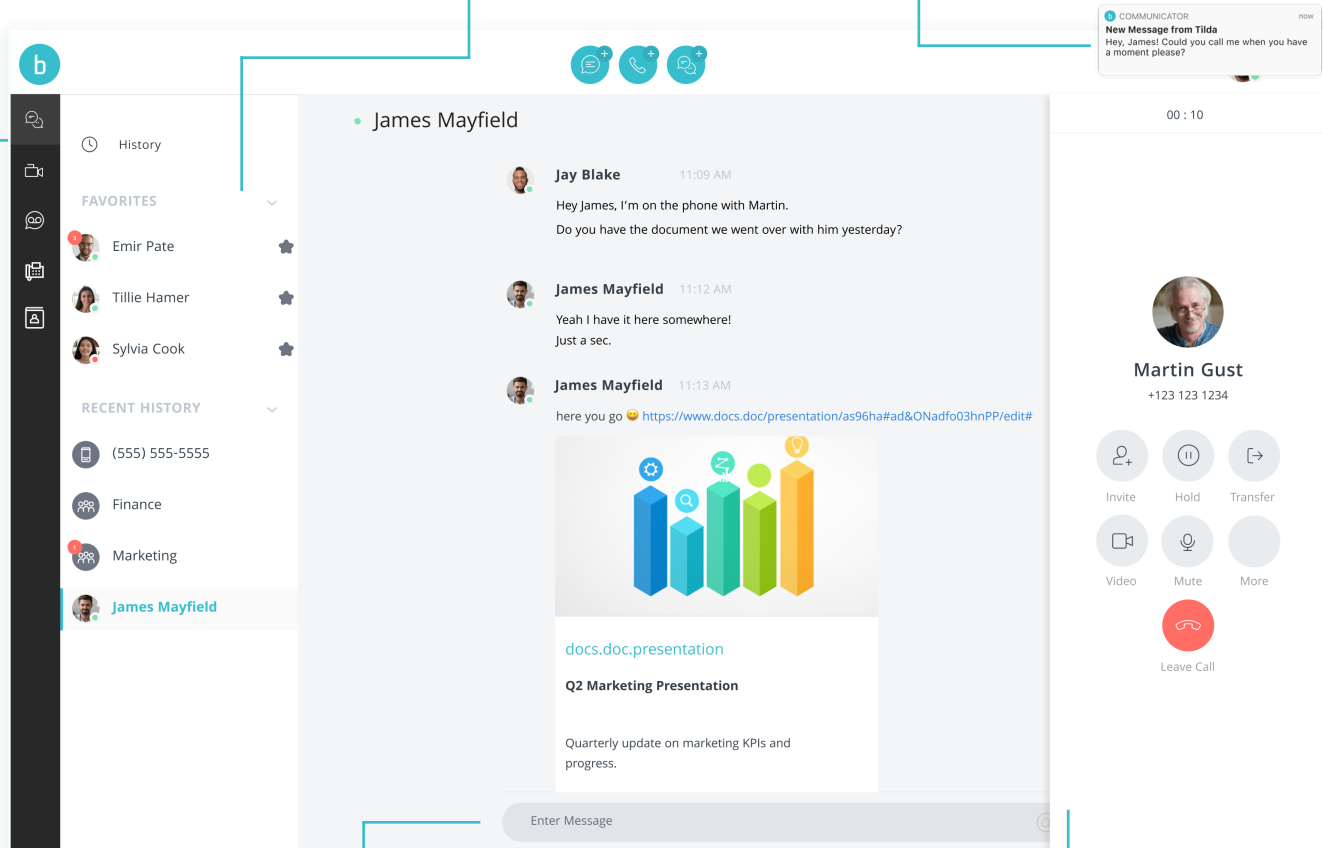

Choose from messaging, phone and video, or view faxes and voicemails.

### Keep favorites

Choose from chat, video, phone, fax, and voicemail

### Push notifications

Stay up to date with desktop or browser notifications.

### @Mentions

Tag specific people within group chats to ensure you get their attention.

### Softphone

Take calls from desktop with the ability to mute, hold and blind call transfer.
